

VENICEARRHYTHMIAS PRESENTS: SOLAECE CORNERS @ VA2013

Dear friends and colleagues,

we would like to remind you that the forthcoming edition of **VeniceArrhythmias**, due to take place in **Venice, October 27-29, 2013**, will include especially dedicated **SOLAECE SCIENTIFIC SESSIONS**, including the following:

SOLAECE Corner

Program Chairmen

Luis Aguinaga / Argentina

Marcio Figueiredo / Brasil

MAXIMIZING USE OF TECHNOLOGY

Chairmen: **L. Molina** / Mexico City, Mexico - **M. Scanavacca** / Sao Paulo, Brazil

3-D mapping & radiofrequency ablation without "x" rays: why, when and how
E. Saad / Rio de Janeiro, Brazil

Usefulness of rotational image reconstruction immediately before pulmonary vein isolation & for other ablation strategies
D. Vanegas / Bogotá, Colombia

Implantable loop recorder before pulmonary vein isolation as best tool for diagnosis and long term follow-up
E. Sternick / Belo Horizonte, Brazil

Use of intracardiac echocardiography for ablation of right ventricular outflow tract tachycardias
W. Uribe / Medellin, Colombia

PRESENTATIONS

1. Usefulness of new imaging techniques to identify complex arrhythmogenic substrates in the ventricle.

Gerardo Rodríguez Díez / México

2. The challenge of ablation of substrates in the outflow tract of the right ventricle and left ventricle.

Luis Aguinaga / Argentina

3. The challenge of ablation of ventricular arrhythmias in chagasic patients.

Roberto Keegan / Argentina

4. Ventricular Tachycardia ablation in ischemic heart disease: current status.

Walter Reyes / Uruguay)

Further information concerning the other International Scientific Societies Corners is available on **VA2013 Advance Program** - [download it on the congress' website](#).

We encourage you to submit your scientific contribution to VA2013: we would also like to underline that **all accepted abstracts will be published in a special issue of the JAFib**.

Moreover, though VA2013 Abstract Submission Deadline has officially expired, contact the Organizing Secretariat to verify if it's still possible to compete for the **GEOGRAPHIC AREAS SPECIAL BEST ABSTRACT AWARDS**, to be given to the best work among accepted oral communications and posters, according to the presenter's area of origin, after being selected by the Abstract Awards Committee.

The winners will be announced during VA2013 Opening Ceremony.

VeniceArrhythmias 2013: a not-to-be-missed occasion to attend an internationally renowned workshop - and not only for electrophysiologists and cardiologists, but for all clinicians!
