

SOLAACE-Memorial Educational Program

Course Directors:

Dr Daniel Benhayon

Dr John Cogan

May 16th to 20th

This program represents a unique opportunity for electrophysiologists in Latin America to do an observership for one week in the **Department of Electrophysiology at the Memorial Regional Hospital** in Miami.

The program offers the opportunity to participate in our conferences and to observe the implantation of defibrillators, cardiac resynchronization therapy and complex ablation cases (Atrial Fibrillation ablation, PVC ablation or VT ablation).

Program Objectives

- To expose the participants to different complex ablation techniques and implantable cardiac device techniques
- To build a foundation for future collaboration in electrophysiology across Latin America and the United States

Curriculum

- Implantation of single/dual chamber defibrillator including DFT testing
- Implantation of a resynchronization device (Biventricular ICD).
- Complex ablation cases (Atrial Fibrillation ablation, Premature Ventricular Contraction ablation and/or Ventricular tachycardia ablation).
- Cardiac Anatomy session
- Half a day on the EP Simulator

Lectures

Strategies for LV lead placement. Lessons Learned
Atrial Fibrillation. An updated perspective
Introduction to Remote Monitoring
Dinner Lecture

John Cogan
Daniel Benhayon
Daniel Benhayon / John Cogan
Invited Speaker

Candidate Requirements

- Valid passport and visa (if required) for the United States
- Command of written and spoken english

Scholarship (thanks to St Jude Medical – Latin America Division) will cover

- Airfare
- Lodging in North Miami for 5 nights.
- Transportation
- Certain meals during the course of the program

Application Process

1. **Complete the registration form** located on the SOLAECE website (Sociedad Latinoamericana de Estimulación Cardíaca y Electrofisiología) www.solaecefellows.com
2. **Subscribe to SOLAECE Fellows Facebook Page** (click "Like" on the Facebook page of SOLAECE Fellows)
3. Submit a recent copy of your **Curriculum Vitae (CV)** to solaecefellows@gmail.com

Applications open on March 14th and close on April 8th.

Scholarship Recipients Announcement: April 11th.
